map - places nearby to see - Berlengas island, litoral area, Obidos medieval village, city of Caldas

Nearby we have so much to see and enjoy, some suggestions:

- **The beaches** – besides *Baleal* and *Almagreira*, in the coast, and further to the north, also *S.Martinho*, *Nazaré*. We also suggest sailing to *Berlengas*

*Ilhas*, 1 hour from *Peniche*, a nature reserve where we can see the magnificent submarine caves and watch the sea environment by boat and diving;

- **Sports** - besides surf and all other sea sports, also a 18 holes golf in *Praia d'El Rei*, about 10 km from *Baleal*;
- **Nature and Culture** – *Aires and Candeeiros Mountains*, natural reserves with many programmes. We suggest to visit the natural caves; near *Lourinhã* the Lusitanian dinosaurs path and also a museum; near *Obidos*, the *Obidos lagoon*, a wonder of nature and nearby *Cadaval*, the *Buddha Eden* garden; The cultural path begins in *Atouguia*, a small village, ancient port from the beginning of the nationality, *Serra d'El Rei*, where in the 13th century the love story of Peter the 1<sup>st</sup>, king of Portugal and his beloved Inês de Castro, (assassinated by political reasons, later on), took place. Further to *Alcobaça* where we can see their magnificent graves facing one each other, because one day when they rise, the first thing to see is their lover... The Cluny's road from *Alcobaça* to *Batalha* and *Tomar*. Also, a visit to *Caldas da Rainha*, a small and interesting town, with museums and art galleries, as well as very known ceramics.
